

# ELEGANCE of royalty

*fashion is not something that  
exist in dress only.  
fashion is in the sky,  
in the street, fashion has  
to do with ideas the way we live,  
what is happening.*

इतिहास of  
heritage

*I appreciate simplicity, true beauty that lasts over time,  
and a little with and eclecticism that  
make life more fun.*

લાઈટપેન્ટ

*The hardest thing in fashion is not to be known  
for a logo, but to be known for silhouette.  
Fashion is what you adopt when you  
don't know who you are.*
