Fashion is here to help make people look very important. If they have good taste and choose what suits them it's always sexy, and it's always with the same result: making women look fantastic.

That is the key of this collection,
being yourself. Don't be into trends.
Don't make fashion own you, what
you want to express by the way you
dress and the way to live.

What you wear is how you present yourself to the world, especially today, when human contacts are so quick. Fashion is instant language.

It's a new era in fashion - there are no rules. It's all about the individual and personal style, wearing high-end, low-end, classic fabrics, and up-and-coming designers all together.

Splash look

My look is attainable. Women can look like Audrey Hepburn by flipping out their hair, buying the large sunglasses, and the little sleeveless dresses.

Classy eternal

We all fight over what the label 'feminism' means but for me it's about empowerment, having equal rights with protection, support, justice. It's about very basic things. It's not a badge like a fashion item.
