One look at you, and the world is blinded. By love, by charm, by desire, by a hope against hope to call you their own. And as they yearn for you they discover that the glow they see around you, comes from within you and is magnified tenfold by the saris you wear. You are the Goddess of brightness, the one who dispels despair from this plane.

As you breathe, you transform the atmosphere of the world that surrounds you. And all that is withered, all that is lifeless, all that is pale disappears in an instant. In your wake, life rears its head again and spreads its arms. Little wonder then, that your Kuri reflects vitality, vigor and vivaciousness...the three main components of life.
