*"When you love fashion, there is no weekend. Everything just blends together.
Fashion is about how you place the object in the person."*

*Fashion is inspired by youth & nostalgia & draws inspiration from the best of the past.

Indian should be a form of expression & not a form of imprisonment. Indian is almost like a religion, for me at least. I have most of my fashion taste on what doesn't see it.

Fashion is not something that exists in saree only. Fashion is in the sky, in the street, fashion has to do with ideas the way we live, what is happening.

*The hardest thing in fashion is not to be famous for a day, but to be famous for a lifetime.
Fashion is what you wear when you don't know who you are.*

Individuality Style

*«Un style est un pays. Et le pays est un peuple. L'indivision est un pays.
L'union, la grandeur, la grandeur, la grandeur, la grandeur, la grandeur.
«The difference between style is fashion is quality.»*
