"Fashion is the part of the daily air and it changes all the time, with all events.

You can even see the approaching of a revolution in clothes.

You can see and feel everything in clothes."

*"You can never take too much care over the choice of your shoes.
Too many women think that they are unimportant, but the real proof of an elegant woman is what is on her feet."*

A full-body photograph of a woman standing on a wooden deck. She is wearing a maroon long-sleeved kurta with vertical white stripes and intricate embroidery on the neckline and chest. She is also wearing light-colored, flared trousers with matching embroidery at the hem. She is wearing red flats and a silver bracelet. Her hair is pulled back, and she is looking towards the camera. The background shows greenery and a building.

*"Fashion is what you're offered four times a year by designers.
And style is what you choose."*

"Fashion is not something that exists in dresses only. Fashion is in the sky, in the street. Fashion has to do with ideas, the way we live, what is happening."

"Fashion is not necessarily about labels. It's not about brands. It's about something else that comes from within you."
