1001
I wear my sort of clothes, to save me the trouble
of deciding which clothes to wear.

Fashion

Fashion is not something that exists in dresses only. Fashion is in the sky, in the street.
Fashion has to do with ideas, the way we live, what is happening.

SN SHUBH^{INX}

I love green because it affirms, designs, and styles.
A woman in a black dress is a pencil stroke.
