

In the 2nd century BC, the silk roads of the Indian subcontinent dominated the world more than they ever did, and covered not only the far-flung deserts but also trade in home-style designs, making fashion and people's overall attitude. As the 60s flavor peaked, and not only across India and Mexico, it remained as the whole attitude of a generation, and this is even more prominent today.

*coral charm*

In the 17th century, Radcliffe Fort, in a prominent fortification on the west coast of India, was built, and coral stones were used in its construction. These stones were highly valued for their beauty and durability, and they were used in various designs, including the famous "coral charm" motif, which is still popular today.

## *coral charm*

In the 21st century, the style trends of the fashion industry dominate the world more than they ever did, and control far more than any people do... But who controls the fashion trends, and how can we break free from all that influence? In the 18th century, most people didn't even know what it meant to be "fashionable" or "stylish", and this is even more pronounced today.
