the style

With the world becoming a global village, a progressive mind grows wider.
As technology is the fashion industry's greatest tool, we have established
an experience based on the traditional roots, while introducing
an era of mix and match. These designs infused with cultural, social and geo-
graphical diversity.

they ever did

With the world becoming a global village, with creative minds growing wider, with technology of the fashion industry growing manifold and with experimentation becoming the trend du jour, *they ever did* is ushering in a new era of art and beauty. Their designs infused with cultural, social and geographical diversity.

D.no. - 1002

D.no. - 7008

With the world becoming a global village, with creativity which is growing wider, with technology in the fashion industry growing manifold and with experiences becoming the need du jour, the fashion world is witnessing an era of mix and match. Think designs infused with cultural, social and geographical diversities.

the style

With the world becoming a global village, technology has revolutionized the way we live. As technology is the fashion industry greatest ally, it has opened up new avenues for experimentation between design and technology. The result is a new era of fashion - an era of mix and match. These designs infused with cultural, social and geographical diversity.
