## The Now Factor

**G**one are the days when a woman's wardrobe was just a collection of clothes. Today, it's a statement. A reflection of her personality, her mood, her aspirations. It's a canvas where she paints her identity. From the classic to the avant-garde, from the simple to the extravagant, she chooses what she wears. She knows that her wardrobe is her secret weapon. It's the key that unlocks the doors of opportunity. It's the spark that ignites the fire of success. It's the magic that transforms the ordinary into the extraordinary. It's the power that gives her the confidence to take on the world. It's the art that she uses to create a masterpiece. It's the love that she pours into every stitch. It's the passion that she has for her craft. It's the dedication that she has to her work. It's the perseverance that she has in the face of adversity. It's the courage that she has to follow her dreams. It's the faith that she has in herself. It's the hope that she has for the future. It's the love that she has for life. It's the joy that she has in every moment. It's the peace that she has in her heart. It's the happiness that she has in her soul. It's the fulfillment that she has in her life. It's the meaning that she has in her existence. It's the purpose that she has in her journey. It's the passion that she has for her work. It's the dedication that she has to her craft. It's the perseverance that she has in the face of adversity. It's the courage that she has to follow her dreams. It's the faith that she has in herself. It's the hope that she has for the future. It's the love that she has for life. It's the joy that she has in every moment. It's the peace that she has in her heart. It's the happiness that she has in her soul. It's the fulfillment that she has in her life. It's the meaning that she has in her existence. It's the purpose that she has in her journey.

You connect the world to what it believes has been lost forever. Joy, smiles, laughter and most importantly style. You are the lost fraction of beauty in a world inundated by temporary fads. Amidst all the fancies of the season, you reign supreme with your timeless grace. You adjust up to your beliefs. As you breathe, you transform the atmosphere of the world that surrounds you. And all that is left behind, all that is broken, all that is pale disappears in an instant. In your wake, life lifts its head again, and spreads its arms. Little wonder then, that your smile reflects vitality, vigor and vivaciousness, the three main components of life.

Women from all over the world seek in vain. They look for the egotism who's created the spellbinding dress that now adorns you, and wish in vain for them to create the same for them. Little do they know that the set you now wear handpicked you as the recipient of this eternal gift. The spell of class, and you are responsible.
