5108

...the most beautiful thing about a woman is not her beauty, but her soul. It is the light that shines from within, the warmth that radiates from her heart. It is the love that she gives, the kindness that she shows, the strength that she has. It is the grace that she carries, the elegance that she exudes, the confidence that she has. It is the smile that she wears, the laughter that she shares, the tears that she sheds. It is the way she lives, the way she loves, the way she dreams. It is the way she is, the way she is, the way she is.
