COLORS FROM A DISTANT LAND

The colors she wears in that faraway desert land, bring a new life into the bleak landscape. Her hues are concocted with a formula no longer of the behest of man. Her hues signify life in its grandiose extension.

BRIGHTENING

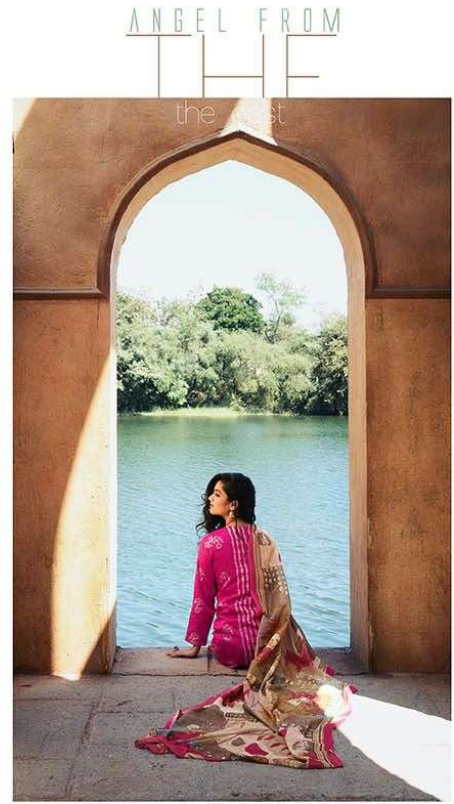

the night sky

The stars and constellations in the night sky are
the most striking feature of the night sky. They are
a wonderful sight to behold and are
inspired by the stars' patterns. They have an
important part to play in the night sky.
They are the stars of the night sky.
They are the stars of the night sky.

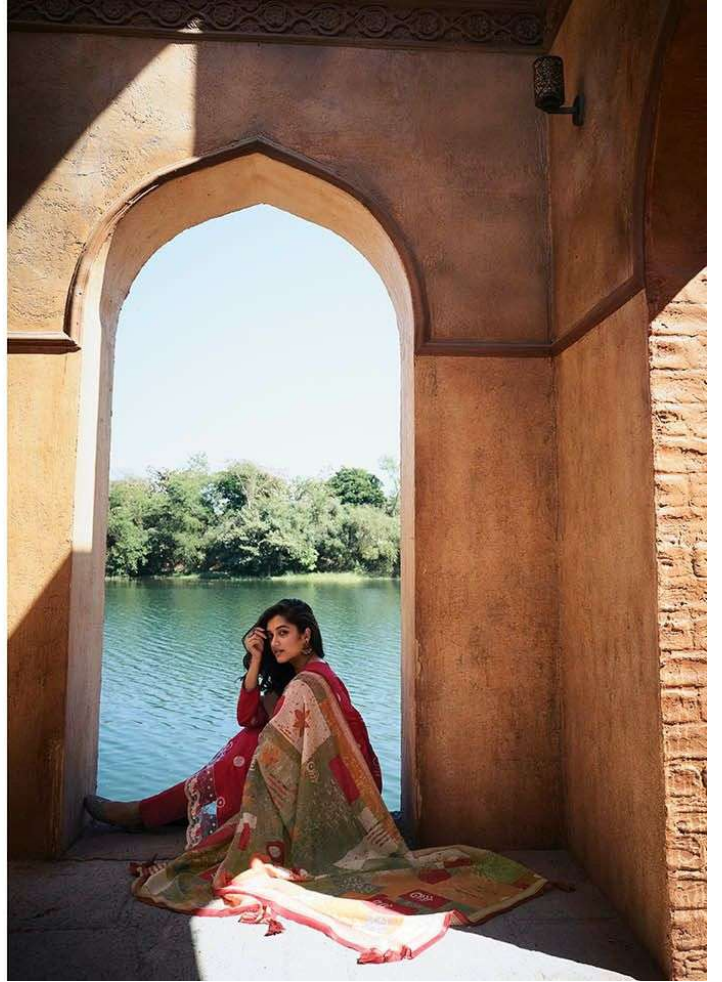

ANGEL FROM
THE
the east

All have and ever again: from when have all the same - and my heart - see this. And in a wonderful sense of the same meaning, understood by them. Angel was there, they had assumed their just a beyond. They want her to come, with happiness in their hearts and it was in their face.

The angel from the east

All human beings are angels towards the eyes of those who love them. And in the language of their hearts, understood by the angels themselves, they feel eternal and pure. They need no a crown, with feathers on their heads and the sun on their lips.

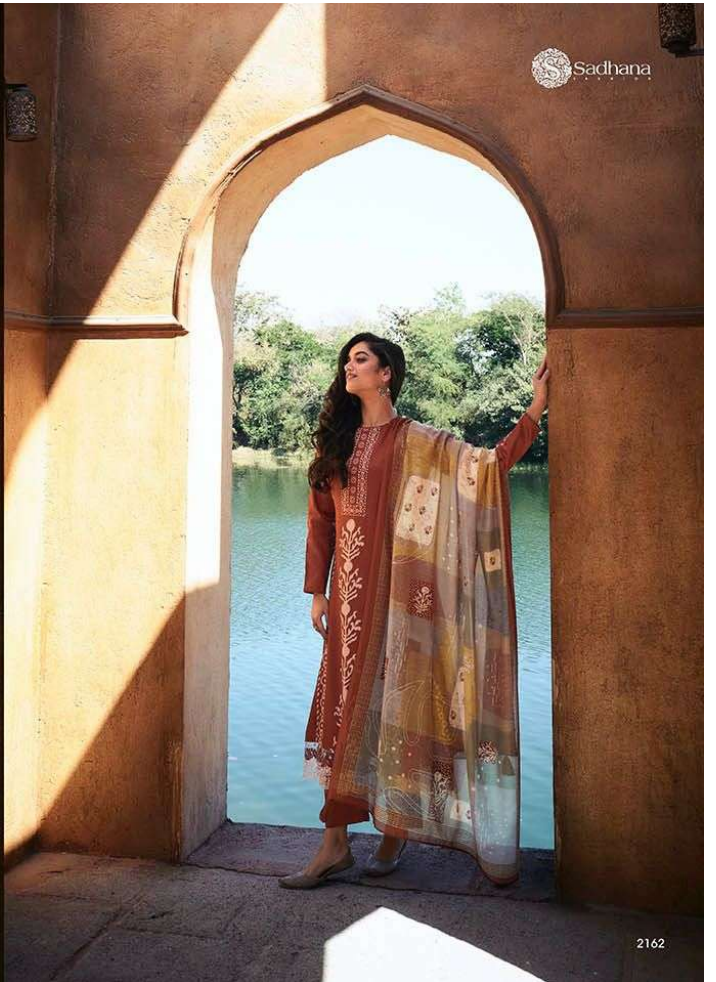

The angel from the east

There was a soft fragrance in the air, the sun was smiling down and the trees, which in a regular habit of the sun walking, were surrounded by the bright sunbeams, they had assumed the form of a forest. They were back there, with flowers in their hands and their

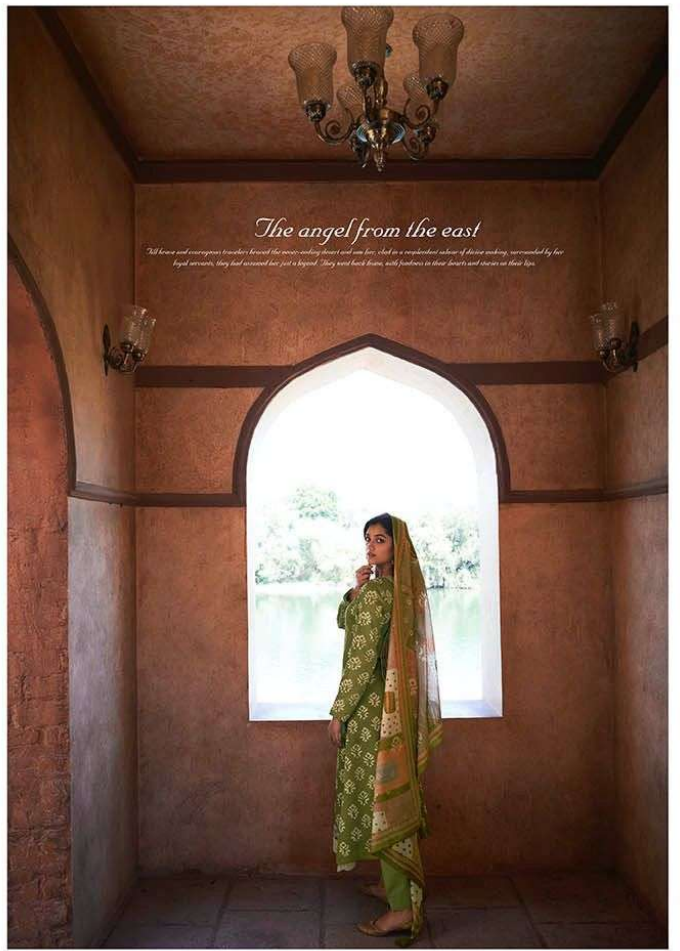

*Till hours and evenings
travellers found the way
on winding shores and on bars,
that in a whispering culture of
desire making, surrounded by
the loyal servants, they had
remained that just beyond.
They went back home, with
flowers in their hearts and
the sun on their lips.*

 Sadhana

The angel from the east

When the first rays of dawn break over the mountains of the east, the angels are seen in their robes of gold and purple, standing in the misty air, their faces lit with the light of dawn. They are the angels of the east, the angels of the east, the angels of the east.
