THE HISTORY OF FASHION

It is a well-known fact that fashion has been around since the beginning of time. From the simple animal skins of our ancestors to the elaborate gowns of the Victorian era, fashion has always been a reflection of the times. Today, fashion is a global industry that influences our lives in many ways. It is a form of self-expression and a way to connect with others. Fashion is not just about clothes; it is about the way we live and the way we see the world.
