THE SPILLOVER EFFECT

From rainbow colors of nature, each stone glows. It lives, it breathes, it sings. It is the soul of the earth, the heart of the universe. It is the light of the sun, the fire of the moon. It is the life of the earth, the love of the world. It is the beauty of the earth, the grace of the world. It is the power of the earth, the wisdom of the world. It is the strength of the earth, the courage of the world. It is the hope of the earth, the faith of the world. It is the love of the earth, the compassion of the world. It is the kindness of the earth, the gentleness of the world. It is the patience of the earth, the understanding of the world. It is the wisdom of the earth, the knowledge of the world. It is the beauty of the earth, the grace of the world. It is the power of the earth, the wisdom of the world. It is the strength of the earth, the courage of the world. It is the hope of the earth, the faith of the world. It is the love of the earth, the compassion of the world. It is the kindness of the earth, the gentleness of the world. It is the patience of the earth, the understanding of the world. It is the wisdom of the earth, the knowledge of the world.
