the Optimist

Homage, fashion is told and doing, and this reflects a capitalist generation that is not afraid to say what they think, or wear what they want. Fashion is not just a means of clothing your body, it is the essence of your personality and beliefs, and designers are well aware of the power they hold. Designers' predictions and designs for the coming season are more boldly interpreted than any other revelation in the world.

A runway is spectacle
 "Never, ever confuse what happens on a runway with fashion. A runway is spectacle. It's only fashion when a woman puts it on. Being well-dressed hasn't much to do with having good clothes. It's a question of good balance and good common sense."

"The most important thing to remember is to have a sense of the garment's history and all the
 greatest stories, but you've got to have a good grip on the trends. That's what's really going to make
 you look like you're ready to rock the world."

Nothing makes me smile more than when I see someone being fully themselves, with their own individual
style and character, whatever that is."
