For people who know McQueen, there is always an underlying message. It's usually only the intellectual ones who understand what's going on in what I do.

I have always believed that fashion was not only to make women more beautiful, but also to reassure them, give them confidence.

Women think of all colors except the absence of color i have said that black has it all white too their beauty is absolute it is the perfect harmony.

Clothes and jewelry should be starting, individual. When you see a woman in my clothes, you want to know more about them. To me, that is what distinguishes good designers from bad designers.

Don't be into trends. Don't make fashion own you but you decide what you are what you want to express by the way you dress and the way you live.

WEDDING BRIDE

VOL-03

I'm thinking balls are to men what purses are to women it's just a little bag but we'd feel naked in public without it.

Classy and fabulous

Fashion is really about sensuality how a woman feels on the inside in the women used suits with exaggerated shoulders and waists to make a strong impression women are now more comfortable with themselves and their bodies they no longer feel the need to hide behind their clothes.
