"Fashion is part of the body, and what it changes all the time, with all
the trends. We can even see the appearance of a revolution in
clothing. We can see and feel everything in clothes."

"There is no ending, there is no beginning, you are
just the life, what you are, what you want to express, the
the way you dress and the way you live."

"What you wear is how you present yourself to the world. Impressively
simple, when chosen carefully and in quiet, tradition is timeless elegance."
